

Packaging Redefined

About Us

BIOME PACK LLC was first launched with the idea to provide the entire UAE with quality food packaging products. The idea was not just a promise to deliver quality products but also to offer our clients a wide choice of eco-friendly food packaging items. Our products are made using plastic, paper, wood, aluminum, and foam that can either be recycled after use or naturally decompose in nature.

Our Vision

BIOME PACK LLC's set out with a vision to make a difference by fulfilling our consumers' demands without affecting the planet. We love to see our planet flourish with greenery. Our vision is to be the region's most leading successor at food packaging products. To expand our consumer reach by being the chosen supplier for eco-friendly disposable solution products.

Our Mission

BIOME PACK LLC's mission is to manufacture A grade food packaging products from the finest material that surpasses all safety and hygiene norms while also supplying sustainable products to curb the global environmental crisis and impact. Our mission will continue to make recyclable and biodegradable products to reduce carbon emissions and waste pollution.

BIODEGRADABLE PRODUCTS

Today everyone is conscious of sustaining our environment with many companies and corporates even taking the step to be environmentally friendly. Biodegradable naturally decomposes at land or sea quickly and is eco-safely leaving a lesser carbon footprint. Biomepack makes all types of biodegradable food packaging products and caters to companies who wish only to use biodegradable items. Do your part, switch to our biodegradable products, and order now!

WOODEN PRODUCTS

Biomepack wooden products are strong, temperature resistant and non-conductive to heat. They give that perfect rustic feeling and are great for transporting foods (fruits, vegetables, food ingredients, beverages, bottle packs). We also offer wooden cutlery items that are great for restaurants, hotels, ship chandlers, supermarkets, etc. These wooden products are safe and biodegradable so they are harmless when disposed. Find your requirement and order now!
